Taps	10:00 p.m.							

Certain fixed activities are scheduled in advance. These are written on this sheet. This form will be utilized by the SPL and Ranger during their opening night meeting to plan what the troop will do during the week. It is also good to keep this posted in your campsite. On Sunday and Saturday the times listed for boat arrivals and departures are dependent upon Catalina Express. If the boats are running late, we may finish Round Robin during A session on Monday morning.
